

BALL TOURNAMENT ASSURED FOR FAIR Prizes of \$2000 Announced. Restrictions of the Players.

The El Paso fair baseball tournament is assured. The prizes for the fair tournament have been announced by John W. Fisher, chairman of the committee. The prize for the winning team will be the same as last year, \$1000. The second prize will be \$500, the third prize \$200. The entrance fee will be \$50 for each club. Letters have been mailed to the managers of the different teams in the southwest, inviting them to enter the tournament, which will be played during the El Paso Fair and Exposition, October 29 to November 6.

The restrictions as to the players to be used in the tournament games have been removed and any player will be permitted to compete in any of the teams upon condition that he is in El Paso on the night of October 28. The teams competing in the fair tournament will pay their own expenses, although the division of the prize money will enable three of the four teams to more than break even on the prizes to be awarded.

It is the intention of the baseball committee of the fair to make the baseball tournament one of the biggest features of the second annual fair, and the schedule will be arranged to allow the best games to be played on the feature days of the big exposition.

THE CORRECT STROKES IN SWIMMING

Photographs below show the correct positions when using the breast stroke. Beginning at the left are: First and last position of breast stroke. Body straight on water, with slight downward slant, head erect, arms stretched out parallel in front on surface, palms down, legs together, straight, and toes pointing backward. Second position of breast stroke. Hands, after being turned back to back, are swept along just under the water, with a firm stroke, until a little beyond the right angle, when they are turned palms downward and rounded into the body. Third position of breast stroke— from the chest the arms are pushed out slowly to original position. As the arms move forward the knees are first bent and then opened, keeping legs together, and then straightened out as in position No. 4. Photographs below beginning at the left are: Fourth position of breast stroke. As the arms are about to attain the full reach, the legs from the position shown here are snapped sharply closed, as shown in first position. The body is then allowed to glide until momentum is lost. This picture shows the correct position of the body in the water—the surface cutting between the mouth and the nose. The swimmer is here shown gliding after having snapped legs together.

AMUSEMENTS.

AT THE MAJESTIC. There will be a change of program at the Majestic tonight, including a new moving picture showing little scenes at sea, and a comic film about "Mr. Tip Top." In lightning cartoon work, La Bolla Lozano, in new Spanish songs and dances, will appear on the program. The management promises that the show is something out of the ordinary.

EL PASO PICTURES AT WIGWAM. "Ch-b-e-k-a-n spells chicken," a comedy picture taken in El Paso, will be shown at the Wigwam tonight. In it are seen the plaza, Main, Stanton, Mesa and Missouri streets, private residences, stores and many other familiar scenes. The comedy is said to be good and the local views fine. Three other pictures will be shown, including one of the great Paris flood.

AT THE AIRDOME. All the songs at the Airdome are making big hits this week and, last night, in spite of the cloudy weather, a good crowd was in attendance and thoroughly enjoyed the show. There only remains three nights to see this week's splendid program. Let us suggest a dainty frozen desert. Phone the Elite, anytime.
